Evolution Scaffolding
30 Mandeville Place
Unsworth Heights
Auckland

Dear Sir,

Evolution Scaffolding – Safesmart Access Ltd Partnership

Safesmart Access are a global height access solutions provider.

From our facility in New Zealand, we design and manufacture custom height access products and distribute them to customers globally through our branches in USA, UK, Australia and Canada.

Proscaf is the scaffolding division of our business supplying scaffolding firms with engineered ringlock system scaffolding throughout Australasia and more recently in USA and UK.

Evolution Scaffolding are a **Platinum Partner** to Safesmart Access. We have supplied Evolution Scaffolding with over 200 tonne of Proscaf and are committed to supporting in their growth plans in the future.

Our subsidiary company **Safesmart Rental (SSR)** provides a rental facility specifically for our Proscaf Platinum Partners. SSR carries up to 1000 tonne of Proscaf at any given time throughout our distribution centres in Auckland, Wellington and Cromwell.

The purpose of giving our Platinum customers access to this inventory is to ensure that they can successfully complete projects across the country no matter what demands are placed on their stock of equipment,

We would commend Evolution Scaffolding as a fiscally secure, experienced and highly professional partner to any construction project.

Yours Faithfully,
SAFESMART ACCESS
